* This data counts a parole revocation on an existing sentence AS A prior incarceration. Also, this data counts, for any cohort of inmates, the total number of Georgia incarcerations the inmate has had during his entire criminal career. For example, if an inmate was admitted to prison first in FY72, and then re-admitted in FY79 and FY85, he had two prior incarcerations before the FY85 admission. This inmate's records show two prior incarcerations in all three of his records since he has had two prior incarcerations in his criminal career. If the cohort of FY72 admissions is selected for analysis, two prior incarcerations will be listed for this inmate even though in FY72, he had no prior incarcerations.
