AUDIT FINDINGS

NARRATIVE:

The audit of Coastal Transitional Center was conducted on October 15, 2015 by Katherine Brown, Certified PREA auditor. The areas toured were 2 Phases with a total of 42 Dorms, plus the kitchen, laundry, programs area, and work areas.

An entrance meeting was held with facility staff. The following people were in attendance: Charles Bennett, Compliance Manager; Della Brown SART Counselor; Sandra Gebhardt, SART medical; Robert Judkins SART Chief of Security; Tiffany Nail, Retaliation Monitor; Maurio Sinkford, Superintendent; Sharon Shaver Statewide PREA Coordinator; Melvin Butts, Asst Statewide PREA Coordinator.

Following the entrance meeting I toured the Coastal TC from 0850 - 0910. On the tour with me was Maurio Sinkford, Superintendent; Sharon Shaver Statewide PREA Coordinator; Melvin Butts, Asst Statewide PREA Coordinator.

I asked for an alpha listing of all residents housed at Coastal Transition Center and randomly selected ten resident to interview, as well as any residents who were limited English speaking or had hearing/vision impairment to be interviewed. There were no limited English speaking or hearing/vision impairment residents there. I also asked for any resident who was transgender/intersex. There were no transgender or intersex residents I did interview two residents who identified as being gay. I also asked for a shift roster and interviewed all security staff on duty at the time of the audit.

There were three sexual assault/harassment allegation cases, all relatively recent (within the past year) one had been unfounded; one unsubstantiated and one referred to Criminal Affairs due to staff being involved.

Upon learning of an allegation that an resident was sexually abused, the first security staff member to respond separates the alleged victim and abuser; preserves and protects any crime scene until appropriate steps can be taken to collect any evidence; and if the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating; and if the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating.

If the first staff responder is not a security staff member, the responder request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff.

Reviewed GDC 208.06 IV. F. 6 (a-e). Based on interview with agency head, Superintendent, designated staff member with monitoring retaliation.

Georgia Department of Corrections has a policy to protect all residents and staff who report sexual abuse or sexual harassment or cooperate with sexual abuse or sexual harassment investigations from retaliation by other residents or staff, and designate which staff members or departments are charged with monitoring retaliation.

Georgia Department of Corrections has multiple protection measures, such as housing changes or transfers for resident victims or abusers, removal of alleged staff or resident abusers from contact with victims, and emotional support services for residents or staff that fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

For at least 90 days following a report of sexual abuse, Georgia Department of Corrections monitors the conduct and treatment of residents or staff who reported the sexual abuse and of residents who were reported to have suffered sexual abuse to see if there are changes that may suggest possible retaliation by residents or staff, and act promptly to remedy any such retaliation. There is periodic status checks performed. Items Georgia Department of Corrections should monitor include any resident disciplinary reports, housing, or program changes, or negative performance reviews or reassignments of staff. Georgia Department of Corrections continues such monitoring beyond 90 days if the initial monitoring indicates a continuing need.

If any other individual who cooperates with an investigation expresses a fear of retaliation, Georgia Department of Corrections takes appropriate measures to protect that individual against retaliation.

Reviewed GDC 208.06 IV. G.3 and review of Sexual Abuse Allegation report form. Based on interview with investigative staff.

When Georgia Department of Corrections conducts its own investigations into allegations of sexual abuse and sexual harassment, it does so promptly, thoroughly, and objectively for all allegations, including third-party and anonymous reports.

Where sexual abuse is alleged, Georgia Department of Corrections uses investigators who have received special training in sexual abuse investigations.

Investigators gather and preserve direct and circumstantial evidence, including any available physical and DNA evidence and any available electronic monitoring data; interview alleged victims, suspected perpetrators, and witnesses; and review prior complaints and reports of sexual abuse involving the suspected perpetrator.

When the quality of evidence appears to support criminal prosecution, Georgia Department of Corrections conducts compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

The credibility of an alleged victim, suspect, or witness is assessed on an individual basis and is not determined by the person's status as resident or staff. No agency requires a resident who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation.

Administrative investigations include efforts to determine whether staff actions or failures to act contributed to the abuse; and are documented in written reports that contain a thorough description of physical, testimonial, and documentary evidence, the reasoning behind credibility assessments, and investigative facts and findings, and attaches copies of all documentary evidence where feasible.

Substantiated allegations of conduct that appears to be criminal are referred for prosecution.

Georgia Department of Corrections retains all written reports for as long as the alleged abuser is incarcerated or employed by Georgia Department of Corrections, plus five years.

The departure of the alleged abuser or victim from the employment or control of Coastal Transition Center or agency does not provide a basis for terminating an investigation.

Reviewed GDC 208.06 IV. G. 15; reviewed Sexual Abuse Allegation report form. Based on interview with Superintendent; investigative staff; resident who reported sexual assault.

Following an investigation into a resident's allegation that they suffered sexual abuse in an agency facility, Georgia Department of Corrections informs the resident as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded.

If Georgia Department of Corrections did not conduct the investigation, it requests the relevant information from the investigative agency in order to inform the resident.

Following an resident's allegation that a staff member has committed sexual abuse against the resident, Georgia Department of Corrections subsequently informs the resident (unless Georgia Department of Corrections has determined that the allegation is unfounded) whenever the staff member is no longer posted within the resident's unit; the staff member is no longer employed at Coastal Transition Center; Georgia Department of Corrections learns that the staff member has been indicted on a charge related to sexual abuse within Coastal Transition Center; or Georgia Department of Corrections learns that the staff member has been convicted on a charge related to sexual abuse within Coastal Transition Center.

Following an resident's allegation that they had been sexually abused by another resident, Georgia Department of Corrections subsequently informs the alleged victim whenever Georgia Department of Corrections learns that the alleged abuser has been indicted on a charge related to sexual abuse within Coastal Transition Center; or Georgia Department of Corrections learns that the alleged abuser has been convicted on a charge related to sexual abuse within Coastal Transition Center.

All such notifications or attempted notifications are documented.

An agency's obligation to report under this standard is terminated if the resident is released from Georgia Department of Corrections' custody.

Reviewed GDC 208.06 IV. H

Staff is subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. Termination is the presumptive disciplinary sanction for staff who has engaged in sexual abuse.

Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories.

All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, are reported to law enforcement agencies, unless the activity was clearly not criminal, and to any relevant licensing bodies.

Reviewed GDC 208.06 IV. H. 3. Based on interview with medical/mental health staff

Residents are subject to disciplinary sanctions pursuant to a formal disciplinary process following an administrative finding that the resident engaged in resident-on-resident sexual abuse or following a criminal finding of guilt for resident-on-resident sexual abuse.

Sanctions are commensurate with the nature and circumstances of the abuse committed, the resident's disciplinary history, and the sanctions imposed for comparable offenses by other residents with similar histories.

The disciplinary process considers whether a resident's mental disabilities or mental illness contributed to his behavior when determining what type of sanction, if any, should be imposed.

Coastal State Prison provides all Mental Health Services for Coastal TC. The resident is transported to Coastal State Prison for those services.

Georgia Department of Corrections disciplines a resident for sexual contact with staff only upon a finding that the staff member did not consent to such contact.

A report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred does not constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation.

Georgia Department of Corrections prohibits all sexual activity between residents and may discipline residents for such activity.

Coastal Transition Center conducts a sexual abuse incident review at the conclusion of every sexual abuse investigation, including where the allegation has not been substantiated, unless the allegation has been determined to be unfounded. This review occurs within 30 days of the conclusion of the investigation. The review team includes upper-level management officials, with input from line supervisors, investigators, and medical or mental health practitioners.

The review team considers whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect, or respond to sexual abuse; whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender, or intersex identification, status, or perceived status; or gang affiliation; or was motivated or otherwise caused by other group dynamics at Coastal Transition Center; and they examine the area in Coastal Transition Center where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse; assess the adequacy of staffing levels in that area during different shifts; assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.
