VETERANS REENTRY PROGRAM

2019

TIMOTHY C. WARD COMMISSIONER

JAY SANDERS ASSISTANT COMMISSIONER INMATE SERVICES DIVISION

OVERVIEW

On June 14, 2014, the Georgia Department of Corrections (GDC), in partnership with the Federal Department of Veteran's Affairs, Georgia Department of Veterans' Services and the Georgia State Board of Pardons and Paroles, implemented the Veterans Reentry Program Dorm initiative which created special housing units within the following facilities:

- Rutledge State Prison
- Johnson State Prison
- Emanuel Women's Facility

MISSION

Serves to provide opportunities for incarcerated veterans to live in supportive environments that foster the rebuilding of character, courage and commitment, while providing services and programs that allow opportunities for positive change. Assists in preparing offenders for reentry as they transition from incarceration to the community.

VISION

GDC has the most effective Veterans Reentry Program in the nation as we provide tangible opportunities for offenders to achieve positive change.

Additionally, staff and veterans services will assist inmates in the following areas:

- Obtain military medical records
- Obtain birth certificate, SS, DD214, DL
- Assign veterans to Career Center

RUTLEDGE STATE PRISON

- Provides Mental Health (MH) II services and works in conjunction with Fort Benning in Columbus, Ga.
- 24-bed unit

SPECIFIC PROGRAMMING

- *Manhood to Fatherhood* - a bi-weekly program taught by volunteers from Project Rebound, Inc. and It Takes a Village. The objective is to teach the participants how to define themselves as men, as fathers, and as positive role models within their homes and communities. Helping participants define themselves and their roles within their family unit will aid in the improvement of family relationships. The goal is to reconnect participants to their families as it is vital to their successful transition from prison back into their communities.
- *Confronting Self* - a series of 12 questions that help the participants look at their life and discover why they chose certain actions. In addition, participants look at their family and uncover patterns that may have led them to incarceration. Within the program, participants learn to take responsibility for their actions and discover how to make wise choices. The class helps participants build character, improve relationships with family and develop their faith-based beliefs.
- *Freedom Fighters* - a comprehensive two-tiered class to improve an inmates mental and physical well-being. Participants will learn basic coping skills and methods to help them improve their knowledge of nutrition and exercise. Teachers will also demonstrate how participants can improve their mood through techniques targeted to their mind, body, and spirit.

JOHNSON STATE PRISON

- Dorm provides housing for medically disabled and works in conjunction with the Dublin Veterans Affairs
- 70-bed unit with 35 ADA compliant beds

SPECIFIC PROGRAMMING

- *Trauma Group* - provides education and coping skills for veteran offenders who have experienced traumatic reactions to combat, natural disasters, physical assaults, and accidents. The group is offered within all phases of the program.

EMANUEL WOMEN'S FACILITY

- Dorm provides housing for women veteran offenders
- 16-bed unit

SPECIFIC PROGRAMMING

- *Active Parenting* - an education program targeted to parents wishing to improve their parenting skills. The program teaches parents how to raise a child by using encouragement, building the child's self-esteem, and creating a relationship with the child based upon active listening, effective communication, and problem solving.
